Work History

ARCRAFT INFOTECH
Trainee UI/UX Designer | Kochi, India | May 2025 - Oct 2025

- Designed responsive user interfaces and interactive prototypes for internal and client applications, improving task completion speed by 25 percent and enhancing overall usability.

- Developed reusable UI components and design systems in Figma, ensuring visual consistency across products and reducing development rework by 30 percent.

- Collaborated closely with frontend developers and product managers to translate complex business requirements into scalable design solutions, supporting faster sprint delivery and improving cross-team communication efficiency.

- Conducted usability testing sessions and gathered user feedback to refine navigation structures, leading to a 20 percent increase in user engagement and improved overall experience.

ZOOPLE TECHNOLOGIES
UI/UX Intern | Kochi, India | Nov 2024 - Dec 2024

- Contributed to mobile library applications and car rental website projects by designing intuitive wireframes and interactive prototypes using Figma.

- Conducted user research and usability testing to improve user flows, effectively reducing navigation friction and enhancing overall user satisfaction.

- Assisted in creating robust design systems and reusable components for faster development cycles, significantly improving efficiency, consistency, and product scalability across projects.

- Collaborated with senior designers and developers to deliver responsive UI solutions, ensuring a seamless and adaptable experience for a diverse user base.
